

Clarke Controls & Distribution Limited

Instrumentation Engineering Excellence by Design

Clarke Controls and Distribution offer a large portfolio of instrumentation systems and products to measure, control and monitor the performance of mechanical and electrical plant and machinery.

Our own expertise is backed by an impressive set of strategic alliances with other leading specialist manufacturers of Instrumentation equipment.

All areas of design and manufacture are carried out in strict conformance with the company's quality system.

Instrumentation

Custom design/build

Indicators

Recorders/Controllers

Transmitters

Analysis- Gases

Analysis - Liquids

Hazardous Environment

Equipment

Products:

- **Instrumentation Panels** custom design + manufacture
- **Recorders/Controllers** single and multi channel
Continuous or time based
Signal re-transmission
Power supplies
- **Transmitters/Indicators** local and remote indication
Analogue or digital
Signal converters
- **Analysers** gases and liquids
Chemical absorption
Infra red spectrometry

The premier organisation in the field of control and distribution

Clarke Controls & Distribution Limited

Research House, Castle Mill Works
Birmingham New Road
Dudley
West Midlands
DY1 4DA

Clarke Controls & Distribution Limited

Instrumentation Engineering Excellence by Design

Food Processing

Marine

Utilities

Pharmaceuticals

Automation

Power Generation

Furnaces/ Boilers

Environmental

Refining

Cement/ Mining

Petrochemicals

Oil Gas

Water Supply
Quality Treatment

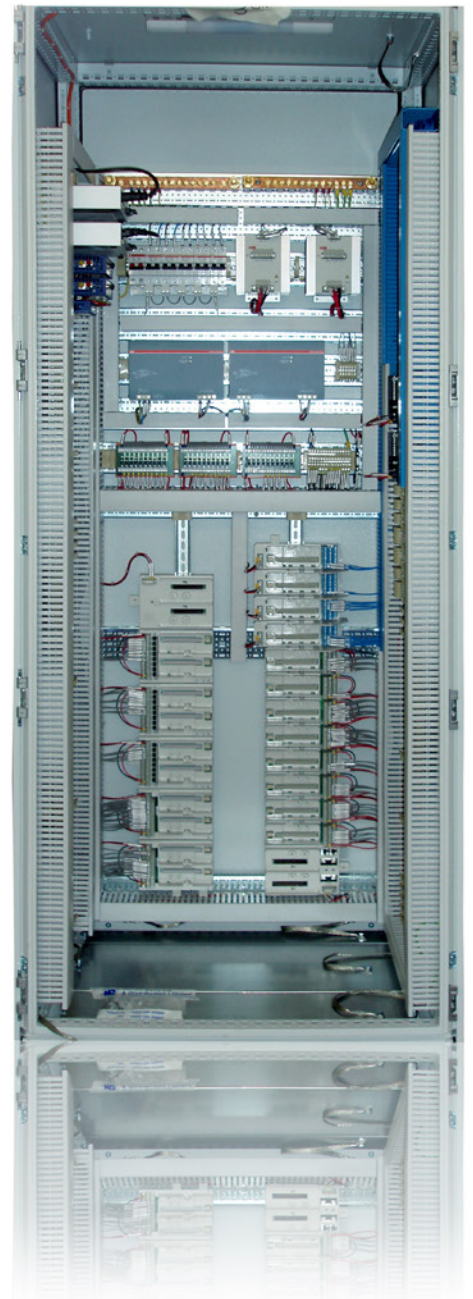

Industrial
Steam Raisers

Services:

- Custom design and manufacturing facility
- Installations
- On-Site maintenance and servicing programmes
- Technical assistance
- Testing + commissioning
- Analysis

Applications:

- Power generation
- Industrial Steam raising plants
- Water supply – quality + treatment
- Furnace/Boiler controls
- Food processing industry
- Automation industry
- Environmental Monitoring + control
